Carlyle-Backed Highway Roop acquires Chamundi

Carlyle-Backed Highway Roop acquires Chamundi, strengthening its leadership in mission-critical torque & control components for automotive and industrial applications

Highway Roop Precision Technologies Limited (“Highway Roop”), a Carlyle-backed manufacturer of mission-critical precision components across torque and control applications, today announced the completion of its acquisition of Chamundi Die Cast Private Limited (“Chamundi”), an Indian manufacturer of complex, precision-machined aluminum die-cast components for automotive and industrial applications.
